Donna Shalala, Secretary
U.S. Department of H.H.S.
200 Independence Ave., S.W.
Washington, D.C. 20201

Dear Secretary Shalala;

I am very concerned about the
lowered standards of labeling
requirements being considered by
the F.D.A. Labels on Food are
the only way a consumer can
be objective on Food selections.

Please defend the consumer's
right to informed choices in
their decision making in
Food purchases.

Sincerely

Janet Leahy
